President of
Universities in ASEAN Region

Dear Sir/Madam,

Indonesia has the honor of serving as the Chair of ASEAN for the fifth time in 2023. The chairmanship of Indonesia in ASEAN adopts the theme of the 'ASEAN Matters: Epicentrum of Growth, which means that ASEAN remains important and relevant to the ASEAN community and the world.

As education is an important aspect in supporting the sustainability of ASEAN's relevance to the ASEAN community and the world, through the Ministry of Education, Culture, Research and Technology, the Republic of Indonesia, in collaboration with the Council of Rectors of Indonesian State University (CRISU) and hosted by Universitas Padjadjaran, in Bandung, Indonesia, ASEAN Higher Education Conference (AHEC) 2023 with the general theme, "Higher Education: a Catalyst for Growth" will be held on August 24-26, 2023.

We are pleased to invite you to AHEC 2023 as this conference will become a good opportunity for us to further discuss and seek mutual collaboration to achieve ASEAN Region as the best common space for high quality education in particular for higher education. Further information can be found in the attached first announcement. We hope that you will accept our invitation and join us in this important conference.

Thank you for considering our invitation, and we look forward to hearing from you soon.

Truly,

Prof. Ganefri, Ph.D.

ASEAN HIGHER EDUCATION CONFERENCE 2023

June 7 - August 26, 2023

Bandung, West Java, Indonesia

ahec2023.org

ABOUT THE CONFERENCE

Looking at the condition in the post pandemic time, it is crucial for higher education institutions, particularly in the Southeast Asian region, to come up with strategic measures to collectively address this situation in a more concerted, effective, and efficient manner.

Based on the condition above, the Council of Rectors of Indonesian State University (CRISU) initiates the 2023 ASEAN Higher Education Conference (AHEC), with a general theme: “Higher Education: A Catalyst for Growth”. This main theme is centered upon the theme of Indonesia’s 2023 ASEAN Chairmanship, namely: “ASEAN Matters: Epicentrum of Growth”. Additionally, the theme is in line with the 2015 Kuala Lumpur Declaration on Higher Education, which acknowledges higher education as one of the catalysts in “accelerating ASEAN’s economic, political, and sociocultural development agenda”.

The 2023 AHEC aims to bring together HEIs leaders, lecturers, students, as well as government representatives and industry from the ASEAN countries to discuss strategic and collaborative measures related to the role of higher education as a catalyst for growth. The discussion will be formulated in a communique that represents common positions of HEIs, government, and industry in the ASEAN countries in responding to current dynamics in the region’s higher education field.

The Conference also aims to provide a forum to connect or reconnect HEIs with colleagues from other HEIs in the region, as well as with government and industry representatives. The forum could be utilized by HEIs to showcase their profiles and achievements and to expand collaborations between HEIs in the Southeast Asian region.

About

The Conference will take place at Gedung Merdeka in Bandung, a historic building that hosted the Asian-African Conference in 1955.

There will be main sessions for the Opening Ceremony, Keynote Speeches, Submission of the Communique, and Plenary Sessions. The morning session will be opened by three keynote speakers, as follow:

At the end of the keynote speech session, the Chair of CRISU will officially submit the Communique to the President of the Republic of Indonesia and the Secretary-General of ASEAN. After the keynote speech session, the Conference will proceed with the first Panel Session, which will discuss “The Future of Higher Education: Accelerating Innovation and Optimizing Digital Technology”. The discussion is expected to reflect the first Communique on Higher Education Innovation and Digital Transformation.

The afternoon session will feature the second and the third Panel Sessions. The second Panel Session will discuss “Strengthening Pentahelix to Improve University Employability and Industry Growth”. The discussion is expected to reflect the second Communique on Higher Education and Industry Connectivity. The third Panel Session will discuss “The Role of Higher Education in Building Resilient Society and Promoting Environmental Sustainability”. The discussion is expected to reflect the third Communique on Resilient, Sustainable, and Collaborative Higher Education.

Each Panel Session will feature four prominent speakers from the ASEAN Member States. There will be one panelist from Indonesia in each session. Panelists’ composition will be arranged considering geographical representation, HEIs performance, and gender balance.

Welcome to our matchmaking forum for the higher education industry in ASEAN countries. Our forum aims to connect universities and businesses in ASEAN countries to foster partnerships, collaborations, and new opportunities for growth.

Our forum offers a unique platform for universities and businesses to interact and create innovative partnerships in the education industry. We understand the importance of connecting universities and businesses to enhance the quality of education, foster research collaborations, and create new opportunities for growth.

Our matchmaking forum is divided into two sections: university to university and business to university. The university to university section is designed to connect universities within ASEAN countries to create partnerships for research collaborations, student and faculty exchange programs, and joint degree programs. On the other hand, the business to the university section aims to connect businesses with universities to create collaborations in innovation, technology transfer, and talent acquisition.

Our forum brings together universities and businesses from ASEAN countries, creating a diverse and engaging environment for discussions and networking. We focus on different aspects of the higher education industry, including emerging trends, innovative business models, and technology as a tool for higher education.

Our forum is designed to be interactive and engaging, offering opportunities for participants to connect, network, and engage in discussions. Through our one-to-one business matching service, participants have an opportunity to meet other universities or businesses with similar goals and interests.

Join our matchmaking forum today, and gain insight, knowledge, and growth opportunities in the higher education industry of ASEAN countries. Let us help you unlock new possibilities for your university or business through valuable partnerships and collaborations.
