Dear coordinators,

Greetings from the International Affairs Office of Toyo University.  
As the winter holiday season approaches, we hope this finds you well.

We are pleased to share the nomination and application information for our Fall semester 2023 study abroad program.

Our important dates and deadlines are as follows:

**Online nominations by coordinators - February 1, 2023 - March 1, 2023****Online registration by students - February 1, 2023 - March 5, 2023****Submission of application documents by students - March 11, 2023 - March 24, 2023**

After your students complete the online registration, we will send an email with instructions on how to submit the application documents.

If you have students who were originally nominated for spring 2023 but deferred, please nominate them again.

We can accept them in addition to your newly nominated students. Beyond these cases, please nominate no more than the number of students in the exchange agreement. If you would like to send us students exceeding our exchange agreement, please do so via fee-based study abroad.

For other information please see the below documents.

<https://www.toyo.ac.jp/en/international-exchange/prospective/Exchange-Program/>

Should you have any other concerns or questions, please feel free to contact us.

Note: Adjusting to life in another culture is difficult in ways that students don't always anticipate. Even students who have no history with mental/emotional issues experience serious challenges. We remain committed to supporting all study abroad students as best we can; however, it is difficult for us to provide the level of support to which some students are accustomed. Therefore, *we respectfully ask that you nominate students who are not only academically, but also mentally and emotionally prepared to succeed in this program.*

Thank you very much in advance for your cooperation.  
We look forward to receiving your nominations and applications.

Best regards,

International Affairs Office  
Toyo University
